

College Area Projections for Children 0-19

Using **out-of-date** data, the Planning Dept is projecting a **110% increase** in population of children from 2020 to 2050.
Using **current** data, SANDAG Series 14 projects only a **9% increase** in population of children from 2020 to 2050.

The Planning Department projects **4,058 more children** in the College Area by 2050 than SANDAG Series 14.
